CR Index Table Explained

Performance Bands: Companies listed alphabetically by band, based on overall Index score: Platinum (≥ 94.8%); Gold (≥ 89.8%); Silver (≥ 79.8%); Bronze (≥ 70%)

Industrial Sector: Companies grouped following FTSE classification guidelines.

* These companies reported on their global operations in the 2009 Australian/ New Zealand CR Index survey

Operational Coverage: Full Coverage - companies submitting information based on 100% of business operations. UK Only - multinational companies by FTSE classification reporting on UK operations only.

Score Changes:

New: Company did not feature in 2008

↓ : a decrease in banding

↔ : no or negligible change in score

↑ : increase in score of between 0.5 – 10%

↑↑ : increase in score of more than 10%
